| Approved By: | SSN                                | Date of Release :   | 16 <sup>TH</sup> August, 2013 |
| Subject :    | Oil heater for centrifugal chiller |                     |                               |

### Modified oil heater for old oil pump :

With the immediate effect from June month, we are providing modified oil heater for oil pump manufactured before April 2013. This modification has been done as a result of root cause analysis for frequent heater failure problem.

### Technical specification of heater is as below

|                       |                     |
|-----------------------|---------------------|
| <b>Heater</b>         |                     |
| Part number           | 55.041.59.228       |
| Type:                 | Heating rod ss tube |
| <b>Ratings</b>        |                     |
| Power supply voltage: | 230 V AC            |
| Wattage               | 200 W               |
| Rating                | continuous          |
| <b>Dimensions</b>     |                     |
| Length :              | 152 mm              |
| <b>O D</b>            | <b>14 mm</b>        |
| Depth D+T             | 45+4mm              |
| Weight:               | Approx. 1.0 Kg      |
