ENGINEERING BULLETIN

From :	SNM	Engg Bulletin No. :	EB/14-15/01
Approved By:	SSN	Date of Release :	23 rd April, 2014
Subject :	Release of New ("V" coil design) Air-cooled screw chiller series		

We are releasing herewith New ("V" coil design) Air-cooled screw series with R-134a refrigerant. This bulletin is accompanied with following:

1. Database file to update Selection Software WCSS/ACSS to latest **Version 1.3.5**.
(This version gives selection as per new air-cooled series, whereas old series is removed).
2. Engg. Specification sheet for Physical data of new series.

Please note that, here onwards we will offer Air-cooled chillers as per new design only. If you have already quoted as per old designs try to re-quote/ get approved new design. If at all you are unable to do so mention it in your order to execution.

How to update latest version on your KCPL terminal:

Please follow below steps:

1. Extract Zip folder "Database 1.3.5" on your Desktop, it contains file "WCSS".
2. Copy & replace "WCSS" file to below path,

C:\Program Files\Water Cooled Screw Selection System\Database.
