Dear Colleague,

We hereby wish to inform you the official release of new version of KCPL Chiller Selection Software, version 1.4.7.

Additions in new version:

AHRI certification of Air Cooled Screw Chiller Series-KAS:
Now our KAS chiller series is approved by AHRI authority.
We have added same informative notes related to certification in software output reports & upgraded version to 1.4.7. Being common version policy for WCCL & ACCL, Water Cooler Chiller Selection Software is also upgraded to Version 1.4.7 but there is no as such any change in software performance.

Refer attached software installation procedure to upgrade your software to new version.
