Air cooled chiller
selection software-

Earlier version- 1.4.7

New version- 1.4.8

No: EB/19-20/008,
Date: 6th January 2020

Dear Colleague,

We hereby wish to inform you the official release of new version of KCPL Chiller Selection Software, version 1.4.8.

Changes in new Version:

Software output report is modified as per latest AHRI guidelines.

Additional notes related to certification have been added.

Now AHRI logo and related notes will not reflect on report of Noncertified Models.

Changes have been implemented for both Water Cooled Chiller Selection System and Air-Cooled Chiller Selection System.

Refer attached software installation procedure to upgrade your software to new version.
