KWE_XXX_2X_13.13.13

No: EB/20-21/002,
Date: 8th July-2020

Dear Colleague,

We hereby wish to inform you that the official release of new Software version of KWS, KAS chillers (pCO 5+ & pGD0 screen) & KWE chillers (pCO 5+ & pGD0 screen).

In this software version, we have made following changes:

- New password management like KSC software, with all functionality like KSC software.
- Rotational password for factory login with functionality to disable the default password.
- TR display functionality is added with the option to select it for display.
- Call for service alarm reset option is provided outside factory login.
- Program revision will be displayed in Main menu display screen.
- For dual circuit chiller “Slave ON timer” is added on screen, earlier it takes 450 sec as default, now we can adjust it as per site requirement. (this is used to start the slave compressor if master is not loading to SP).
